ABOUT Artista

Artista provides commissioned artworks and art projects, including portraits, but it is also possible to purchase or rent artworks by Artista artists or collaborating artists.

ART INSPIRES

ART RENTAL AND SALE

Art rental and sale

You can contact us not only for commissioned works of art, but also for renting and/or buying our artworks as well as works of art by fellow artists.

On our website you will find an online gallery, where works of art are offered for both rent and sale.

Art rental offers you the advantage of being able to exchange works of art whenever you want. If you would like to keep a rented artwork in your possession, you can extend the rental period or buy the piece so that you can enjoy it endlessly. When buying a work of art after having rented it for at least 1 year, the rental price of the first year will be deducted from the sales price. So actually, you can have every piece of art free on sight for one year.

We are happy to advise you on which works of art suit you and your environment best.

Current information and prices can be found on our website.

Do you wish a portrait of your beloved children or pet?
Or are you looking for a catchy logo for your company?

In the creation of commissioned artworks Artista uses a very customer-oriented approach. Unlike the approach of many other artists and galleries, which is often based on the vision of the artists themselves, Artista bases her work on the wishes of the customer.
