DRAWING AND PAINTING

Drawing and painting

In the drawing and painting course you will experiment with various techniques. You can choose to work with pencil or charcoal, and it is possible to paint with watercolours as well as with acrylic and oil paint. Everyone works from his/her own ideas and topics.

Current information, dates, and prices can be found on the website.

Glass mosaics

Glass mosaics

You are going to work with glass mosaics.
You will represent your design on a plate.

Based on your own idea you glue the stones on the surface, after which you finish your work off with grout.

It is also possible to create a mosaic image on a surface selected by yourself.
For example, a table, a mirror, or another subject.
In that case the rate depends on the surface to be covered.

Current information, dates, and prices can be found on the website.

TaiLORED WORKSHOPS

Tailored workshops

Are you looking for an original interpretation of your party, incentive trip, creative team building, artistic afternoon at school or otherwise?

Artista organizes creative workshops in one of their studios or on location, for groups of 1 to 8 persons. Most activities and workshops for larger groups can also be arranged at a location of your choice.

How about painting amidst the beautiful nature of the Veluwe, Holland? A social gathering with your closest friends while drawing, painting, or creating mosaics?

You name it, we will arrange it.

In concert we put together a program according to your wishes and ideas. The costs depend on the desired number of participants and the selected content of the workshop.

Feel free to call or email us for more information.

OPEN Studio

Open Studio

Do you love to draw or paint, but at home you just don't get to it? Come to our open studio in Ermelo, Holland, and get inspired and stimulated.

You work according to your own ideas and with your own materials.
Of course, there are materials present in the studio, which you can use for an additional fee.

Current information, dates, and prices can be found on the website.

COMPANY OUTINGS TEAM BUILDING

Relaxed company outing and /or creative team building

Are you looking for an artistic interpretation for a leisurely company outing or a creative teambuilding? Get inspired by our experience, creativity, and know-how.

There are countless opportunities to be creative together in small and larger groups. One can work according to pre-discussed themes, or entirely free, intuitively. Each participant makes his/her own work, or all participants work together on one single work. This is also great as a lasting memory; a jointly crafted company artwork.

The big advantage of this type of activity is that the daily roles of the workplace disappear temporarily. Everyone is equal. They work together in a different way, which may lead to new insights. Collaborating in another field also makes that people listen to each other's ideas and opinions. In addition, many people will discover his or her own creativity, but above all it will be perceived as a relaxing day out with colleagues together, which will enhance communication and cooperation.

Company workshops can be arranged at virtually any desired location.

The costs depend on the desired number of participants, duration and the selected content of the workshop, and the location.

Feel free to call or email us for more information.

HOLIDAY WORKSHOPS

Holiday workshops in and around Ermelo, Holland

On holiday in Ermelo and fancy a creative workshop?

At Artista in Ermelo, The Netherlands, you can attend a single or multi-day creative holiday workshop in painting or mosaics. In consultation we put together a program based on your wishes and ideas. You can paint in our studio or at your holiday accommodation, or, depending on the weather, in the beautiful nature of the Veluwe, or a combination of both. Creating mosaics is possible in our studio or at your holiday address.

The costs depend on the desired number of participants, duration and the selected content of the workshop, and the location.

Feel free to call or email us for more information.

GUEST LECTURES
