

CREATIVE HOLIDAYS IN GREECE

Transportation

You arrange your own flight to the chosen destination in Greece.

We can arrange the boat tickets and transfers for you. Transport to/from workshop locations and various excursions are included.

We meet you at the airport and take care of the rest.

Do not forget a travel and cancellation insurance!

Accommodations

We have selected some nice accommodations at various destinations. All our accommodations are well equipped, nicely furnished and are cleaned every day. In the morning you can enjoy a good breakfast (included) and the hospitable owners make sure that you have a wonderful stay. Extension of stay is possible on request.

Workshops

The watercolour course is provided by Anna Vollebregt while Anneke Kamerling helps you painting with oils and acrylics. The mosaic and sculpting workshops are given by local experts, with assistance of Anna and/or Anneke. The groups consist of up to 12 participants and painting courses are exclusive materials. Experience has shown that most people prefer to work with their own materials. We make sure paint and brushes are available, in case you miss something, but please bring your own familiar materials with you. The mosaic and sculpting workshops are including materials.

Program

At 09:00 we leave for the workshop location. We work until about 13:00, after which we return to our accommodation. In the afternoon we offer optional excursions.

Partners welcome!

While we paint, there is plenty to do for partners and of course they are welcome to join us on our excursions!

Excursions

In the afternoon you can participate in our tours or explore the area by yourself. We are pleased to introduce you to the Greek life and lead you to places you would never find otherwise.

The average daily temperature in May, June and September is about 25 °C! So, if you rather spend your time on the beach or at the pool, you are free to do so.

If you prefer to venture out by yourself, we can arrange a rental car with an attractive discount for you.

CREATIVE HOLIDAYS IN GREECE

Anna and Anneke

When Anna for the first time arrived in Greece in 1984, on the island of Rhodes, she got the feeling of "coming home". After that, she visited many islands and mainland of Greece. She lived and worked for nine years on the island of Paros, where she learned to speak Greek fluently. On Paros she wrote some illustrated newspaper articles about wild plants. More about this can be found at: www.paroslife.com (column 'Wild Flowers'). In her studio on Paros, she taught painting to various people of different nationalities. She has painted and described many wild plants on the island as well. Numerous walks she made on the island, after which she besides painting the beautiful landscape also wrote stories about encounters with both people and nature.

Anneke has completed the Gerrit Rietveld Art Academy and works as a visual artist with her own company Artista. She also writes travel guides for the series www.het-boekje.nl. She lived in Greece for over 10 years, is fluent in Greek, teaches and translates Greek and regularly returns to her beloved Greece.
